Project Address	
City/State/Zip Code	

A trash hauling permit is required when a hauling contractor other than the City of Melbourne contracted franchise hauler (Waste Management/Harris Sanitation) is used. No trash hauling permit is required when the debris is recycled as aluminum would be recycled.

**Fees for Trash Hauling Can Be Calculated in Either of Two Ways:**

1. The square footage of the project times 1 cent.
2. Total Capacity of roll off container(s) times 33 cents times the number of dumps plus 10% of fees charged by the trash hauler.

1. Square Footage of Project _____ x .01 = _____ Total Fee
OR
2. Total Roll off Container(s) Capacity _____ x .33 x the number of dumps _____ = _____ (Number of containers x square feet = Capacity)
Contract Hauler Fee (cost per pull) _____ x .10 x the number of dumps _____ = _____
<b>Total Roll off Fee</b> _____

**I HEREBY CERTIFY** that I have read and examined this document and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. Granting this permit does not give authority to violate or cancel the provisions of any state or local laws regulating the disposal of solid waste generated from this operation.
